

# Lucy Santini

MEng Ship Science – Yacht and Small Craft (2014)

---

Lucy has worked in the Defence Sector since graduating from Southampton in 2014; initially working for BMT and now for the Submarine Delivery Agency, an Executive Agency of the Ministry of Defence.

Lucy directly supports the Royal Navy's fleet of 10 nuclear submarines across 3 Classes. She is responsible for demonstrating that the submarine structure is fit for purpose and maintained appropriately through life.

Lucy is also a member of the RINA Council and RINA Board of Trustees.
