# Coding for kids:

Making things happen in the real world.

Wednesday 25th July 2018, 10am - 3pm

A day for a parent or carer and their child to work together learning to code the BBC micro:bit, a tiny programmable computer, designed to make learning and teaching easy and fun! You will be given your very own micro:bit to try a number of fun coding activities which you can take away and do at home with your child! Suitable for children aged 10 - 13yrs who must be accompanied by their parent or carer throughout the day. Please bring a packed lunch. Led by teachers who are experts in computing education.

Activities include:

- your name in lights
- measure temperature
- make a compass
- simple games including the steady hand game

Course cost £50
per child with parent/carer

Including a free micro:bit, USB lead and memory stick for each adult and child to share, all you need to get started.

Tea, coffee, squash biscuits and fruit provided.

Please bring a packed lunch.

Venue:

Mathematics and Science Learning Centre
Graham Hills Building 29, Level 3,
University of Southampton
Highfield Campus
Southampton
SO17 1BJ
