Ocean and Earth Science, National Oceanography Centre Southampton

## Storing CO<sub>2</sub> underground safely and permanently – Leave it to the Geologists!

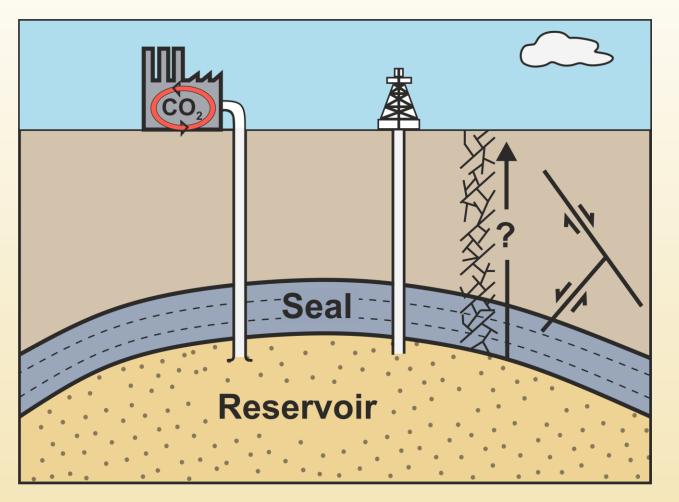

## **Ben Callow**

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 654462

## CO<sub>2</sub> Leakage pathways in the subsurface:

 Faults
Drilling wells
Chimney structures?

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 654462

## CO<sub>2</sub> Leakage pathways in the subsurface: **"Chimney Structures"**

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 654462
