

CELEBRATING

SCIENTIFIC OCEAN DRILLING

# 50 YEARS OF INTERNATIONAL COLLABORATION

1968-2018

27-28 September 2018  
Natural History Museum, London, UK

2018 marks 50 years since Deep Sea Drilling Project (DSDP) Leg 1 drilled 7 sites in the Gulf of Mexico and Atlantic Ocean - and initiated 5 decades of international co-operation in scientific ocean drilling - arguably, the most successful, enduring multi-national science collaboration.

**Meeting convened by:**

Professor Damon Teagle (University of Southampton) and  
Professor Richard Herrington (NHM)
