## LifeLab: Engaging the Educators

LifeLab forms part of the NIHR Southampton Biomedical Research Centre, a partnership between University Hospital Southampton NHS Foundation Trust and the University of Southampton, and funded by the National Institute for Health Research.

## LifeLab; Me, My health and My Children's Health

You are cordially invited to one of the most innovative opportunities in health education...

The LifeLab showcase is a fantastic opportunity for you to see firsthand the amazing impact already taking place as a result of involvement with the LifeLab schools' project over the past school year. It would be wonderful if you could join us to see the students' work and hear from both teachers and students about their experiences of engaging with LifeLab.

This is also a chance to see first hand our brand new, custom-built, state of the art, educational facility at the heart of the hospital. There will be opportunities to explore ways in which you can become involved in this initiative as it moves into the next phase.

We look forward to meeting you...

**Date:** Wednesday 2 July 2014  
**Time:** 4.30pm-6.30pm  
**Location:** LifeLab  
Southampton General Hospital

**How to find us:** Enter the hospital via the main entrance and turn right at the food court. Go down the corridor until you get to the lifts, go up one level to Level D. From the lift turn left, and go down the corridor immediately on your left – (not the corridor leading to the wards). LifeLab is signposted halfway down this corridor on the left hand side. Upon arrival, please ring the bell

Please confirm your attendance at the LifeLab event by e-mailing [k.woods-townsend@soton.ac.uk](mailto:k.woods-townsend@soton.ac.uk) by Friday 27 June 2014. If you are unable to attend, please feel free to send a colleague.
