GIVING

Philanthropic gifts are a longstanding tradition at Southampton, ever since Henry Robinson Hartley left a bequest to establish the University more than 150 years ago.

Continuing this tradition, over time, almost 5,000 alumni and supporters have made a gift to the University. Together, our alumni and supporter community are helping students benefit from the best education and experience their time at University can offer and helping to support our life-changing medical research.

As an alumnus of the University, we hope that the time you spent at Southampton remains a fond memory and that you too might choose to join your fellow alumni in making a gift, of any size, to support the University and future generations of students following in your footsteps.

Finding the right cause for you

Your support can make a difference to lives here at Southampton and across the globe. You can do amazing things, like help to tackle global problems, ensure equal access to education, accelerate cancer research and provide bursaries for talented students from disadvantaged backgrounds.

Visit giving.southampton.ac.uk to find a cause for you.

Leave a legacy

Like Henry Robinson Hartley, you too can create your own legacy by leaving Southampton a gift in your will. In leaving a legacy to Southampton you will be part of the University story for generations to come.

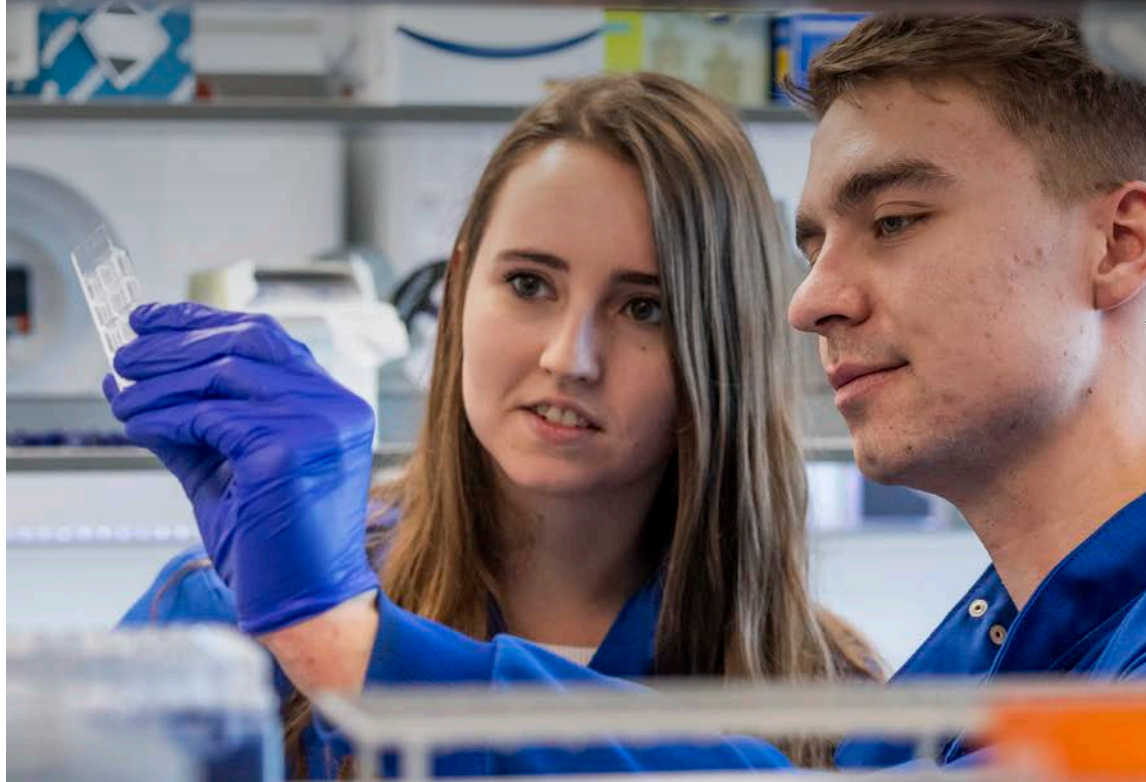

Email supportus@southampton.ac.uk if you would like more information on how to leave a gift in your will.

Our way of saying thank you

We are delighted to recognise the lifetime support, loyalty and impact of our donors through the University of Southampton Giving Circles. As our way of saying thank you, Giving Circles members annually receive an update report showing the difference that philanthropy makes and they are invited to an exclusive event.
